

# OOPS Activity Planning Worksheet

Revised 02/15/09

<b>Title:</b> Wet Exit Rescue Class		<b>Type of Activity:</b> Class		<b>Date(s):</b> July 26, 2009	
<p><b>Narrative description:</b> Every paddler needs to know how to wet exit, rescue him/herself and others. It's not just a good thing to know, it's vitally important to develop these skills. This is serious business...but that doesn't mean it doesn't have to be fun! Learning and practicing these skills is like being a kid again playing in the water. And the sense of accomplishment that you'll get after working yourself back into your boat, or helping others to do so, is very satisfying.</p> <p>While the class is open to all OOPS members, those with no wet exit/rescue experience (most new members) are highly encouraged to attend.</p> <p>Nose plugs and goggles or facemask highly recommended.</p>					
<b>Starting point:</b> Hagg Lake			<b>Ending point:</b> Hagg Lake		
<b>Route alternatives if bad weather:</b>					
<b>Skills or Equipment</b> (In addition to general requirements per the <a href="#">Activity Policy</a> ):					
<input type="checkbox"/> Towline		<input type="checkbox"/> Helmet		<b>Min. Immersion Wear:</b> None required	
<b>Other Requirements:</b>					
<b>Primary Organizer:</b> Dave Polland			<b>Organizer:</b> Kevin Donovan		
<b>First Aid Person:</b> TBA			<b>Organizer:</b>		
<b>Max # of Participants:</b> 6			<b>OOPS members only?</b> Yes		
<b>Has organizer been on this paddle before?</b> Yes			<b>Has organizer led an OOPS activity here before?</b> Yes
