

This year, our annual Lake Billy Chinook paddle weekend will be October 17-18, with optional padding on Friday the 16th. Lake Billy Chinook offers a range of paddling experiences in a unique high-desert canyon environment. Specific trips will be at the discretion of trip leaders, but usually include level 1 and 2 trips.

We will camp at Crooked River Campground above the canyon rim, but spaces will **not** be reserved in advance, so each participant should make their own reservations for camping (\$21/day for a tent site). A limited number of camping spaces can be reserved (see website address below), but many more will be available on a first-come/first-served basis. We will plan to have a potluck dinner on Saturday evening.

Some people prefer to come and join the group for social events, but then paddle on their own. That is fine, but please register with me anyways so I can plan trips and the potluck accordingly.
